Batch
13

DATE: 5 - 8 October 2020
TIME: 9am to 12.30 pm
VENUE: Online Training with

The National Center for Sustainability Reporting (NCSR) is an independent organization which promotes and disseminates CSR/Sustainability Reporting and Assurance in South East Asia.

NCSR is a GOLD Member of the Global Reporting Initiative (GRI) since 2006.

NCSR is the AA Licensed Assurance Provider No. 000-87 since 2011.

"We are a registered Organizational Stakeholder of the Global Reporting Initiative (GRI) and support the mission of the GRI to develop globally accepted sustainability reporting guidelines through a global, multi-stakeholder process."

INTRODUCTION

WHAT IS CSRA?

Those interested in the CSRA certificate will have a basic level of proficiency in assurance engagement related to sustainability or CSR reporting and thus have an opportunity to become a more professional assurer and develop additional capability in the following areas:

- Examining the completeness and compliance of sustainability/CSR reports.
- Identifying any data and information omitted that could have been included.
- Independent comments on targets, impacts, shortcomings and recommendations.
- Assessment of sustainability/CSR reporting including interpretation of reported data and performance.

To join CSRA training, the participants are required to complete Certified Sustainability Reporting Specialist (CSRS) training first.

CSRA COURSE OBJECTIVES:

The CSRA Course concentrates more specifically on assurance engagement to verify corporate sustainability performance. The CSRA certification program has the following objectives:

- Transfer practical skills in relation to assurance services development
- Increase the knowledge of international standards in relation to assurance engagement in sustainability/CSR reporting and;
- Provide insight into the various aspects of assurance engagement in relation to sustainability/CSR reporting, including recognized methods and techniques of auditing.
